Record of Town Meetings

MARCH 11, 1946

Meeting called to order at 7:40 P. M., by Town Clerk Charles F. Young, who read the call for the meeting.

On motion by Harry Marshall:

Voted: That further reading of the warrant, with the exception of the constable's return, be dispensed with.

Constable's return read by the Town Clerk.

The Town Clerk announced that, owing to the fact that Moderator Thomas G. O'Connell is in Florida, it would be necessary for the meeting to elect a moderator to act at this meeting.

Charles C. Cox nominated Theodore Eaton for moderator to act at this meeting. The nomination was seconded by Patrick H. Tenney.

On motion by Herbert D. Anderson:

Voted: That the nominations be closed.

On motion by Harry Marshall:

Voted: That the Town Clerk be instructed to cast one ballot for Theodore Eaton for moderator to act at this meeting.

The Town Clerk then cast one ballot for Theodore Eaton.

The Town Clerk then administered the qualifying oath to Mr. Eaton.

ARTICLE 1

To act upon reports of town officers as published.

On motion by Charles C. Cox:

Voted: That the subject matter of Article I be laid upon the table.

ARTICLE 2

To choose all town officers not required to be chosen by ballot.

On motion by Patrick H. Tenney:

Voted: That the moderator appoint a committee of three to bring in nominations for all town officers not required to be elected by ballot.

COMMITTEE APPOINTMENT

Moderator Eaton appointed the following committee to serve under Article 2:

William Blanchard, L. Wallace Sweetser, and Anthony Piazza.

Adjourned Session — March 18, 1946

Meeting called to order at 7:30 P. M. by Moderator Theodore Eaton, Mr. Henderson's amendment of the Finance Committee's motion under the item of "Education" being in order.

Mr. Henderson yielded to Mr. Bliss, who asked special privilege to take up Articles 10 and 12 in order to act upon them before the special town meeting opened at 8 P. M. The reason therefor was that the Town might make an appropriation from the tax levy for sewer construction before bond issues were voted, thus complying with technicalities of the law.

There being no objection, the moderator declared Articles 10 and 12 to be before the meeting.

ARTICLE 10

To see if the Town will authorize the Water and Sewerage Board to construct a sewer in Greenwood Street, from an existing manhole in the Metropolitan Sewer System at the Wakefield-Melrose Line, northerly approximately 78′ to Woodland Avenue, also in Woodland Avenue from Greenwood Street westerly approximately 160′ to the Wakefield-Melrose Line and raise and appropriate a sufficient sum of money therefor or authorize the Treasurer, with the approval of the Selectmen, to borrow or issue notes or bonds therefor.—Board of Health.

On motion by Mr. Bliss:

Voted: That the Town authorize the Water and Sewerage Board to construct a sewer as described in Article 10, and raise and appropriate the sum of $3,500.00 therefor.

ARTICLE 12

To see if the Town will authorize the Water and Sewerage Board to construct a sewer in Stark Avenue, a private way, from an existing man-

hole in Nahant Street, southeasterly approximately 300′ and raise and appropriate a sufficient sum of money therefor or authorize the Treasurer, with the approval of the Selectmen, to borrow or issue notes or bonds therefor.—Board of Health.

On motion by Mr. Bliss:

Voted: That the Town authorize the Water and Sewerage Board to construct a sewer as described in Article 12, and raise and appropriate the sum of $4,000.00 therefor.

ARTICLE 7 (continued)

Education

The meeting then resumed consideration of Mr. Henderson's amendment under Article Seven, item of "Education."

The moderator appointed the following tellers to count the vote: Patrick H. Tenney and Marcus Beebe, second in the North section, William Blanchard and Wesley S. Goodwin in the centre, and Myron C. Wing and Earl B. MacIntosh in the South section.

Result of the Vote: 177 persons voted in the affirmative, and 243 persons voted in the negative, and the moderator declared the amendment not carried.

The original motion was then voted in the affirmative.

ARTICLE 33

To hear and act upon a report of a special committee appointed under articles 5, 6 and 7 of the warrant for the Town Meeting of June 25th, 1945, which was to investigate the advisability of erecting a new police station, new Town Hall and new Highway building and the proposed cost thereof and suitable location therefor.—Harry Marshall, Chairman of Committee.

Harry Marshall read the report of the committee, signed by all of the committee members, which recommended the construction of a new police station at the corner of Crescent and Lincoln Streets, at the corner of Cres-

cent and Centre Streets, or at the northerly corner of Crescent and Centre Streets; a new combination highway and moth department building on town owned land adjacent to the present highway barn, and, if necessary, that additional land be acquired to enlarge the site; that no new town hall be erected, but that adequate repairs be made to the present structure to bring about modernization of the building; and that the committee voted to request the Federal Government to advance funds, available for municipalities for plans and specifications in connection with post-war public works planning. Plans prepared by Edward M. Bridge, architect, were presented with the report which was signed by the members as follows: Harry Marshall, chairman; Joseph W. MacInnis, Arthur L. Gardner, John T. Stringer, James M. Henderson, R. Francis Shea, secretary; Richard M. Davis, Arthur L. Evans, and V. Richard Fazio.

Mr. Marshall then offered the following motion:

That the report of the Special Committee appointed under Articles 5, 6 and 7 of the warrant for the Town Meeting of June 25, 1945, be accepted and adopted.

That the Selectmen be and are hereby authorized to negotiate and execute necessary agreements on behalf of the Town of Wakefield with the Federal Government for grants or advances of money to the Town to be expended for the preparation of working drawings and specifications for a new Police Station and new Highway Department buildings. Further, that the moderator appoint a committee of five to act as a committee on the erection of a new Police Station. Said committee to investigate the cost thereof based upon working drawings, specifications, and contractors' estimates or bids, to determine a suitable location and cost thereof upon which to erect said proposed Police Station.

Further, that the Moderator appoint a second committee of five to act as a committee on the erection of Highway Department buildings on the site as proposed in the report of the committee, the cost of said buildings to be based on working drawings, specifications, and contractors' estimates or bids. Said committee being hereby authorized to expend for the purposes herein mentioned the grants and advances that may be made available by advances or grants of Federal funds.

That each of said committees report at a future Town Meeting.

Neither of said committees herein provided for to have any power or authority to bind the Town by contract or otherwise to erect any of the buildings herein mentioned or the purchase of any land.

Amendment by John J. Round:

That the report be accepted as a report of progress.

While the debate was in progress, Frederick W. Bliss moved that the meeting be adjourned to next Monday, March 25th, at 7:30 P. M.

Voted: To adjourn until next Monday, March 25, 1946, at 7:30 P. M.

Meeting adjourned at 10:30 P. M.

Attendance 600

A true record:

Attest: CHARLES F. YOUNG, Town Clerk

ADJOURNED SESSION — MARCH 25, 1946

Meeting called to order by Moderator Theodore Eaton at 7:35 P. M., Mr. Rounds' amendment under Article 33 being in order.

On motion by Charles C. Cox:

Voted: That this meeting be not adjourned until 11 P. M., unless all of the articles of the warrant be finished.

ARTICLE 33 (continued)

Amendment by John J. Round:

To strike out the words "as a report of progress," so that his amendment will read as follows:

That the report be accepted.

The vote on Mr. Round's amendment was in the affirmative.

Motion by Mr. Bliss:

That the vote to accept be reconsidered.

The vote on Mr. Bliss' motion was in the affirmative.

On motion by John J. Round:

Voted: That the report of the committee be accepted.

Mr. Bliss stated that he would like to see a vote taken on the substance of Mr. Marshall's motion.

The Moderator said he would call for a vote on the remaining part of Mr. Marshall's motion.

Town Counsel John I. Preston raised an objection, stating that the vote to accept had discharged the committee and its recommendations, and that there was no motion before the meeting.

The Moderator then called for a vote on that portion of Mr. Marshall's motion beginning with the words, "That the Selectmen be and are hereby authorized," and continuing as follows: to negotiate and execute necessary agreements on behalf of the Town of Wakefield with the Federal Government for grants or advances of money to the Town to be expended for the preparation of working drawings and specifications for a new Police Station and new Highway Department buildings. Further that the Moderator appoint a committee of five to act as a committee on the erection of a new Police Station. Said committee to investigate the cost thereof based upon working drawings, specificaions, and contractors' estimates or bids, to determine a suitable location and cost thereof upon which to erect said proposed Police Station.

Further, that the Moderator appoint a second committee of five to act as a committee on the erection of Highway Department buildings on the site as proposed in the report of the committee, the cost of said buildings to be based on working drawings, specifications, and contractors' estimates or bids. Said committee being hereby authorized to expend for the purpose herein mentioned the grants and advances that may be made available by advances or grants of Federal funds.

That each of said committees report at a future Town Meeting.

Neither of said committees herein provided for to have any power or authority to bind the Town by contract or otherwise to erect any of the buildings herein mentioned or the purchase of any land.

The vote as called for by the Moderator was in the affirmative.

ARTICLE 34

To see if the Town will vote to erect and equip a new garage for the use of the Highway Department and authorize the Board of Selectmen to purchase or take by right of eminent domain a suitable lot of land therefor, and raise and appropriate a sufficient sum of money or authorize the Treasurer with the approval of the Selectmen to issue notes or bonds of the Town therefor.—Board of Selectmen.

On motion by Finance Committee:

Voted: That the substance matter of Article 34 be indefinitely postponed.

ARTICLE 35

To see if the Town will vote to construct and equip a new Police Station, purchase or take by right of eminent domain a suitable lot of land therefor, and raise and appropriate a sufficient sum of money or authorize the Treasurer, with the approval of the Selectmen, to issue notes or bonds therefor.—Board of Selectmen.

On motion by Finance Committee:

Voted: That the substance matter of Article 35 be indefinitely postponed.

On motion by Finance Committee:

Voted: That Articles 36 and 37 be taken up jointly.

ARTICLES 36 and 37

Article 36. To see if the Town will vote to set aside a portion of the Town land on Farm Street for the exclusive use of the Town Infirmary measuring approximately eleven hundred feet on Farm and Nahant Streets and being about six hundred feet in depth.—Board of Public Welfare.

Article 37. To see if the Town will vote to authorize and instruct the Selectmen to lay out in building lots and ways thereto, a portion of the Town land on Farm Street and not now reserved for the use of the Town Infirmary; said lots to be sold to veterans for the building of homes, and raise and appropriate a sufficient sum of money to carry out the purposes of this article.—Board of Selectmen.

Motion by Finance Committee:

That a committee of five be appointed by the Moderator to investigate and study the subject matter of Articles 36 and 37 and report at a future Town Meeting.

Amendment by James D. Stanton:

That a committee of nine members be appointed by the Town Moderator for the purpose of conducting investigation into the possibility of allowing town owned land, or privately leased land to be leased to the Town

by community-minded citizens, for the erection of temporary emergency housing for veterans, under the cognizance of the Federal War Housing Administration. That the selectmen be authorized to follow the recommendations of the committee and enter into agreements with the Federal Government as outlined in the Federal Housing Act. This Committee to be composed of at least five (5) veterans and representatives of cognizant committees.

Amendment by Peter Y. Myhre for the Welfare Department:

That a committee of five be appointed by the Moderator to investigate the practicability of selling lots in land of Town Farm, not required by the Board of Public Welfare for its purposes, to veterans for housing purposes, and report at a future meeting.

Mr. Myhre, after offering the amendment, requested to have it withdrawn, and it was withdrawn.

Town Counsel John I. Preston raised a point of order, stating that the amendment by Mr. Stanton was beyond the scope of the article, and the Moderator ruled that it was beyond the scope of the article.

On motion by Mr. Horovitz:

Voted: That Articles 36 and 37 be laid on the table and placed at the end of the list of articles.

ARTICLE 38

To see if the Town will authorize the Board of Selectmen to accept on behalf of the Town, conveyances or easements from time to time, giving the Town the right to slope land back from the street lines and to construct retaining walls.—Board of Selectmen.

On motion by Finance Committee:

Voted: That the Selectmen be authorized to accept on behalf of the Town, conveyances or easements from time to time, giving the Town the right to slope land back from the street lines and to construct retaining walls, such authorization to extend until the next annual Town Meeting.

ARTICLE 39

To see if the Town will vote to raise and appropriate a sufficient sum of money to pay the rental for the year 1946 to the Boston & Maine Railroad for the land occupied as a parking area at Tuttle, Chestnut and Murray Streets.—Board of Selectmen.

On motion by Finance Committee:

Voted: That the Town raise and appropriate the sum of $125.00 to carry out the purposes of Article 39.

ARTICLE 40

On motion by Finance Committee:

Voted: That the Town raise and appropriate the sum of $392.00 to carry out the purposes of Article 43.

ARTICLE 44

To hear and act upon a report of the special committee appointed under Article 25 of the Warrant for the Town Meeting of March, 1945, continuing the study and consideration of the general subject of Ash and Refuse collection, the same being a continuation of the studies of the committee appointed under Article 21 of the Warrant for Town Meeting for March, 1944.—Wesley S. Goodwin, Chairman of Special Committee.

Wesley S. Goodwin read the report of the committee, signed by Mr. Goodwin, Robert Dutton, Robert F. Fitz, Herbert D. Anderson, Maurice F. Walsh, and Ned C. Loud, which recommend action be taken at this meeting authorizing the start of ash and refuse collection; that there are 80 miles of accepted streets in Wakefield, and 5100 family units; that a collection be made every two weeks from cans put at curbs. The report stated

that an investigation of equipment has been made and the committee believes a Gar Wood type of loader should be purchased. The committee has conferred with the Board of Selectmen and recommends that the collection of ashes and refuse be conducted by the Highway Department, the report stated. The report stated the total cost of equipment necessary to carry out the program would be under $6,500.00, and that such equipment should be serviceable for from twelve to fifteen years, and could be utilized as additional equipment for plowing during snow storms.

On motion by Frank P. Wakefield:

Voted: That the report of the Committee be accepted.

ARTICLE 45

To see if the Town will vote to authorize the setting up of Ash and Refuse collection the same to be done under the direction of the Highway Department and raise and appropriate sufficient funds to purchase the necessary and proper equipment for such ash and refuse collection, or to see what the Town will do about it.—Board of Health.

On motion by Finance Committee:

Voted: That the Town authorize the setting up of Ash and Refuse Collection, the same to be done under the direction of the Highway Department, and raise and appropriate the sum of $6,500.00 for the purchase of the necessary and proper equipment therefor, said purchase to be made by the committee named under Article 32 after conference with the Board of Health and Board of Selectmen.

Licenses were granted by the Selectmen for the sale of alcoholic beverages for the year 1946 to the following, subject to the approval of the State Alcoholic Beverages Control Commission:

City Hall Liquor Store (Israel Blank), 6 Water Street.

Jeffrey's Package Store, Inc. (John Jeffrey, President), 354 Main Street.

Palumbo's Annex (Ignazio Palumbo, Jr.), 37 Albion Street.

S. Tine & Sons, Inc., 38A Water Street.

Receipts from these and other licenses granted during the year 1946 are shown in the Town Accountant's report.

Reports of the various departments under the supervision of the Board of Selectmen and containing complete information, will be found under other and appropriate headings in this report.

The Chairman appreciates the cooperation of his colleagues on the Board, as well as all other town officers, who have assisted him during the past year.

The Board appointed Harold W. Merritt as a member of the Board of Appeals to replace Colby L. Burbank who resigned as of February 1, 1946. Acknowledgment is hereby made of the valuable service which Mr. Burbank has rendered to the Town during the time he served as a member of the Board of Appeals.

As of May 20, 1946, John Landry resigned. Mr. Landry had for many years been superintendent of the Tree and Moth Department. Always with the interests of the beauty of the Town before him, the retired superintendent was a hard and conscientious worker. In his retirement the Town lost a valuable and respected servant. Ernest J. McWhinnie, a regular member of the Police Department, was appointed to the vacancy created by the retirement of Mr. Landry. Since Mr. McWhinnie had been an employee in the Tree and Moth Department for some years, it is felt that he is well qualified for the position of Superintendent.

As of July 1, 1946, Roland B. Oliver was appointed as a member of the Contributory Retirement Board, succeeding James M. Henderson who retired.

On July 9, 1946, the Board met jointly with the Recreation Committee for the purpose of filling a vacancy created by the resignation of William MacKilligan. Mr. Michael J. Zammitti was unanimously appointed to membership on the Recreation Committee.

The Board found it necessary and therefore did as of September 1, 1946, adopt Rules and Orders for the Regulation of Carriages or Vehicles for Hire. These rules apply for the operation of taxi-cabs in the Town of Wakefield, as well as fixing the rates to be charged.

The Board met with the Board of Public Welfare to fill a vacancy created by the retirement of Harold C. Robinson. The joint meeting was unanimous in the selection and appointment of Winsor L. Finney, Jr., as a member of the Board of Public Welfare.

The Board participated in the Victory celebration sponsored by the West Side Social Club on July 4th. The program was well arranged and consisted of a pet show and games for the children in the morning; a parade in the afternoon and band concert and fireworks in the evening.

The Board was represented on September 26th at a public reception to the Right Rev. Msgr. Florence J. Halloran, commemorating his elevation to the rank of monsignor.

A committee was appointed to plan a "welcome home" celebration for all veterans of World War II. Col. Edward J. Connelly was named as Chairman of the committee. Suitable arrangements were made and October 12th was fixed as the date. A parade was formed at Walton Field with many veteran and civic organizations represented. The parade moved to the Common where a speaking program took place. Governor Maurice J. Tobin was the principal speaker. Following the speaking program, each Gold-Star Mother was presented, on behalf of the Town, State and Nation, a framed certificate acknowledging the sacrifice made by her loved one. In the evening, military balls were held jointly at the Armory and the Town Hall, both of which were well represented by veterans of World War II.

Special thanks are extended to Col. Edward J. Connelly and his committee for arranging the details of the "Welcome Home" celebration which contributed to make the affair the success that it was.

As of October, 1946, Col. Edward J. Connelly retired as Director of Veterans' Services. Mrs. Bertha L. Todd was appointed to the position. The members of the Board were sorry to have the Town lose the services of Col. Connelly. Being a military man most of his life, Col. Connelly was deeply interested in the affairs of the young veteran of World War II. During approximately one year Col. Connelly set up the department and performed many services for the veterans of Wakefield.

During 1946 the members of the Board have perambulated the Town boundaries with the Highway Commissioner of the City of Melrose and with the members of the Board of Selectmen of Stoneham. This is required to be done every five years.

The voters, having appropriated the necessary funds, the permanent members of the Fire Department were placed on the so-called "70 hour" week schedule. In order to accomplish this, it was necessary to increase the permanent force by adding four men.

During 1946 the Board appointed the following as members of the permanent police force: Daniel J. Sullivan, Maximilian J. Ramocki, John T. Curran and William F. Hovey.

James F. Hartnett, a member of the Police Department since May, 1923, was retired on July 14, 1946, due to a disability suffered in the line of his duty.

The Board of Selectmen, acting as the Board of Survey, have approved plans for the following streets during the past year:

Line Road
Crystal Lake Park
Kimball Avenue

Bellevue Avenue
Gerard Street
D Street Extension
Ames Street
Middle Street
Minot Street
Perham Street

and a layout of a development by Deacon Brown, Inc., on the site of the former Beebe property at Lakeside.

The members of the Board extend their thanks to all those who have, in any manner, cooperated with them during the past year.

RECOMMENDATIONS

I recommend the addition of another radio-equipped car for the department. This car to be used mostly by the Special Officer who devotes all his time to the investigation of cases and a car is badly needed for this work.

CONCLUSION

The March Town Meeting having voted two additional regular patrolmen be added to the Police Department, the Board of Selectmen on May 7, 1946 appointed Daniel J. Sullivan and Maximilian J. Ramocki from the reserve list to regular patrolmen. Both appointments to take effect May 7, 1946.

On May 20, 1946, Patrolman Ernest J. McWhinnie retired from the department to accept the position of Superintendent of Tree and Moth Department. He had been a regular patrolman of the police department since March 19, 1935.

June 18, 1946, Reserve Officer John T. Curran was appointed a regular patrolman to fill the vacancy caused by the retirement of Patrolman Ernest J. McWhinnie. This appointment to take effect June 30, 1946.

July 14, 1946, Patrolman James F. Hartnett, due to physical disability, was retired. He had been a regular patrolman of the police department since May 15, 1923.

July 23, 1946, Reserve Officer William F. Hovey was appointed a regular patrolman to fill the vacancy caused by the retirement of Patrolman James F. Hartnett.

January 17, 1946, Sergeant John M. Wenzel resumed his duties in the department after having been on leave of absence since June 2, 1944, during which time he served in the U. S. Navy.

February 10, 1946, Patrolman Charles H. Sullivan resumed his duties in the department after having been on leave of absence while in the U. S. Army.

May 2, 1946, Patrolman Henry F. Galvin resumed his duties as a regular patrolman, after having been on leave of absence while in the U. S. Army.

William J. Joyce and James T. McKeon were appointed reserve officers as of August 1, 1946.

I desire to take this opportunity to express my thanks to the Honorable Board of Selectmen for their co-operation at all times during the past year on matters pertaining to the department.

To Mr. L. Wallace Sweetser, Committee on Police, my sincere thanks for his individual support and co-operation during the year.

To all the various town departments who have assisted and co-operated with the police department during the past year and to the Wakefield Daily Item for the service they have rendered the department at various times during the year, and to all other citizens who have aided the department in various ways, my sincere thanks.

I also want to extend my sincere thanks to the Lieutenant, Sergeants, all members of the department and to the special officers and to my secretary, Miss Dorothy McGrail, my thanks for the faithful discharge of their duties at all times during the year.

Respectfully submitted,

JOHN G. GATES,

Chief of Police.

Report of Chief of Fire Department

January 1, 1947

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my Annual Report of the Fire Department for the year ending December 31, 1946, with the total number of alarms, and the losses on same as near as is possible to obtain.

APPARATUS

There are at present 10 pieces of apparatus in this department, and are as follows:

One Triple Combination purchased from the Seagrave Corporation and put in service October 28, 1938. This piece of apparatus designated as Engine 3 is of the covered type and represents the latest type of pumping engine. It is equipped with a 750 gallon centrifugal type pump, 100 gallon booster tank, 250 feet of ¾ inch hose, 1,250 feet of 2½ inch hose, ladders, smoke masks, 2 fog nozzles for combatting gasoline and oil fires, 3 shut-off type nozzles, 4 types of extinguishers, salvage covers, first aid kit, plus much other equipment necessary to bring this unit up to an efficient piece of apparatus.

One Triple Combination purchased from the Seagrave Corporation and put in service July, 1924. This piece of apparatus is equipped with a 750 gallon type centrifugal pump, 1,250 feet of 2½ inch hose, 200 feet of ¾ inch hose, 80 gallon booster tank, 2 types of cellar pipes, salvage covers, stretcher, smoke masks, 3 types of extinguishers, 2 fog nozzles for oil and gasoline fires, shut-off type nozzles, ladders, first aid kit, and much other equipment.

One Double-bank type 75 foot aerial ladder truck purchased from the Seagrave Corporation and put in service December, 1928. This piece of apparatus carries 379 feet of ladders, 80 gallon booster tank, 300 feet of ¾ inch hose for booster line, booster pump, life net, salvage covers, stretcher, 2 oxygen type smoke masks for heavy concentrations of smoke and gases, 3 cannister type smoke masks, 1 portable Baker water gun, several types of cellar pipes, water gun mounted on aerial ladder with 3 inch hose attached, oxygen tank for resuscitation work, and other necessary equipment.

One Triple Combination of the enclosed body type put in service in December, 1941, replacing the old Pierce-Arrow car which had reached an unreliable state. This piece of apparatus is equipped with a booster pump, 300 feet of ¾ inch hose, 145 gallon water tank, 1,500 feet of 1½ inch hose, 2 types of nozzles, pump tanks for grass and brush fire use, shovels, brooms, first aid kit, and other necessary equipment.

One Pierce-Arrow Combination put in service in 1927. Equipment consists of 1,000 feet of 2½ inch hose, 200 feet of ¾ inch hose for booster line;

booster tank, booster pump, ladders, axes, extinguishers, pump tanks, deluge set, 1,100 gallon water gun mounted, first aid kit, shovels, bars and other equipment. This machine is used mainly to replace such other pieces of hose carrying equipment as may be out of commission for repairs.

One Dodge Chief's Car purchased in 1939 replacing a 1929 Buick which had outlived its usefulness. This car carries extra oxygen bottles for resuscitation work, first aid supplies, P & Q door opener, 2-way radio on the same wave length as the police radio, and other equipment that has proved to be a valuable asset to the department's equipment.

One Triple Combination stationed at the Engine 2 station in Greenwood and purchased from the Seagrave Corporation in 1929. This piece of apparatus is equipped with a 600 gallon centrifugal type pump, 80 gallon booster tank, 200 feet of ¾ inch hose for booster line, 1,350 feet of 2½ inch hose, ladders, axes, nozzles, smoke masks, cellar pipe, salvage covers, and other equipment.

One Pierce-Arrow sedan type hose carrying piece of equipment designated as Auxiliary 1 and which was put into service in 1942 to serve as an auxiliary piece for defense purposes. This piece of equipment is carrying 1,000 feet of 1½ inch hose, pump tanks, axes, nozzles and other equipment.

Two Trailer type pumping engines which were purchased from the Office of Civilian Defense. These units are equipped with 400 feet of 2½ inch hose, 200 feet of 1½ inch hose, pump tanks, nozzles and much other necessary equipment.

During the year this department purchased an E & J Resuscitator Inhalator and Aspirator, a combination of three instruments each of which serves a distinctly important part in emergency lifesaving and is immediately available by the three-way movement of a single lever. The resuscitator gently inflates and deflates the patient's lungs with controlled positive and negative pressures, the inhalator is used for simple respiratory distress, and the aspirator to withdraw fluids from the patient's throat. This has proved to be a valuable piece of equipment. In near future a micro attachment should be purchased so that the machine would be available to work on two persons at the same time.

During the year this department has responded to 586 alarms divided as follows: 131 Box Alarms and 455 Still Alarms.

Estimate of Property Endangered	$171,700.00
Loss on Same	13,259.49
Insurance Paid on Same	12,471.49
Insurance on Same	183,085.00
Transit Value	2,600.00
Transit Loss	265.00

CONCLUSION

In closing this report I wish to extend to the Honorable Board of Selectmen my sincere thanks for the interest and co-operation manifested by them in all matters pertaining to this department.

To Herbert D. Anderson for his hearty co-operation and interest during the past year on matters pertaining to this department as Committee on Fire Department.

To all other Town Departments who have rendered valuable assistance during the past year, you have my sincere thanks.

To the officers and members of the Fire Department, and to the members of the Auxiliary Fire Force for the prompt and faithful discharge of their duties during the past year, I extend my sincere thanks.

During the year, Lieutenants Harry A. Russell and Alfred C. McGrath and Private James W. O'Donnell were retired after long and faithful service.

This year the 70-Hour-Bill was accepted by the Town at the Annual Town Meeting. This meant the reduction in hours of firemen from 84 hours per week to 70 hours per week. This meant the increasing of the permanent force to 20 men or the addition of four new men. The following were appointed to fill the existing vacancies by retirements and the additional men, Ralph E. McCann, John F. Sullivan, Charles W. Richards, Clarence L. Melanson, Donald C. Jacobs, Charles C. Curran and Melvin A. King.

Respectfully submitted,

CLIFFORD E. JACOBS,
Chief of Fire Department.

Report of Supt. of Moth Department and Tree Department

January 7, 1947

To the Honorable Board of Selectmen:
Wakefield, Massachusetts
Gentlemen:

I respectfully submit the annual report of the Moth and Tree Department for the year ending December 31, 1946.

We found the Tent Caterpillars and Satin Moths about the same as last year. There are no Brown Tail Moths at all. Gypsy Moths have increased in the woodlands near the Saugus and Lynnfield lines. There was an increase in Elm Beetles this year, due to the weather and insufficient help to complete the spraying of our elm trees while the beetles were eating. If we had one extra man during our spraying season, we would be able to complete this work at a more satisfactory time.

We have 4,590 shade trees on our streets, 3,588 maples; of these 700 are young trees and need care each year, 592 are elms and 410 are a variety of trees. We have 1,500 young trees in our nursery on Broadway and care must be given them each year. 100 trees were planted on various streets that were grown in the nursery. We removed 24 trees that were dead or in a dangerous condition and on advice from the State, we removed all the bark from the elm wood that was stored in the Highway Yard and burned it, as we found many nests of the European Beetle, which is a carrier of the Dutch Elm Disease. About 12 cords of wood were put in the Town Hall from the trees we removed.

We spent:

Tree Work	$ 3,159.00
Moth Work	2,686.60
Spraying	1,993.40
Cutting Brush	611.00
Insecticides	602.00
Truck and Sprayer	321.05
Other Expenses	323.47
Balance	$ 3.47

Income for the year beginning April 1, 1945, and ending March 31, 1946, was $1,047.21.

At this time I wish to express my appreciation for the support given me by the Honorable Board of Selectmen and several of the town departments. John A. Landry, retired superintendent, has been most co-operative, in a number of instances. To him I extend my sincere thanks.

Respectfully submitted,
ERNEST J. McWHINNIE,
Superintendent of the
Moth and Tree Department.

Report of the Town Planning Board

To the Citizens of the Town of Wakefield:

The Town Planning Board submits its report for the year ending December 31, 1946.

During the past year the efforts of the Board have been devoted to a number of town problems.

The Board has continued its policy of being represented at public hearings and has had conferences with groups of citizens from different sections of the town as well as with civic organizations and has held one conference at which members of the Reading and Stoneham Planning Boards were present.

The Board has considered methods of relieving traffic congestion in Wakefield Square and is of the opinion that the problem can be solved by the construction of a new street, with an off-street parking area, east of Main Street from Water to Crescent Streets.

The Planning Board believes that to serve the Town to better advantage it should function under General Laws, Chapter 41, Section 81A (Acts of 1936, Chapter 211) and that the Town should adopt a by-law at the Annual Town Meeting of 1947 that will make the change possible.

Respectfully submitted,

FITZROY WILLARD, Chairman
KENNETH W. THOMSON, Secretary
EDWARD M. BRIDGE
DR. FRANK T. WOODBURY
ARTHUR E. HARDING

Report of the Board of Health

To the Citizens of the Town of Wakefield:

In reporting for the year 1946 the Board of Health would call attention to the relative freedom from serious contagion and tuberculosis as will appear from the comparative tables which will follow. During the year the Board has continued its pre-school immunization clinic against diphtheria under the direction of Dr. Ira W. Richardson. This clinic while quite satisfactory did not produce the results the Board of Health would have liked. Later in the season following advice of the State Board of Public Health Dr. Richardson held a second immunization clinic at which time a total of 791 were immunized including the booster doses.

That immunization against diphtheria has proven its value is shown by a comparison of conditions in 1946 with previous conditions, for example: The report of the Board of Health for the year 1899 showed that the town had seven cases of diphtheria and eleven cases of typhoid fever, in 1946 there was no typhoid and but one case of diphtheria. This improvement in the incidence of diphtheria has resulted without any question from the immunization clinics of previous years, while the improvement in typhoid is without doubt the result of better drinking water conditions and the pasteurization of milk. The one case of diphtheria in 1946 was that of a Wakefield settled case who had been away from town for more than two weeks, and unexpectedly appeared at a doctor's office in Wakefield, and was immediately taken to the Haynes Memorial Hospital where he died within twenty-four hours.

The Board of Health will continue its pre-school immunization clinics and strongly urges that all parents arrange for the immunization of any child over six months and up to school age either through their family physician or by bringing them to the Board of Health clinic.

The receipts of the Department for 1946 were as follows:

Milk and Food Inspector	$ 118.50
Plumbing Permits	231.00
Reimbursement and Licenses	101.11
Total	$ 450.61

These receipts were deposited in the Wakefield Trust Company to the credit of the Town of Wakefield. The Town also received from the State credited to the Board of Health—T B subsidies amounting to $614.29.

The comparative expense to the town for tuberculosis and contagion is as follows:

	1943	1944	1945	1946
Tuberculosis	$ 3,383.91	$ 2,354.70	$ 2,313.01	$ 1,461.50
Contagion	1,128.02	1,464.97	970.73	862.95

The following is a four year comparison of all reportable diseases:

	1943	1944	1945	1946
Chicken-pox	122	59	26	57
Diphtheria	0	1	0	1

Report of Milk and Food Inspector

Herewith is submitted my report as Inspector of Milk and Food for the year ending December 31, 1946.

This, my 19th report, I have confined to as few words as seem consistent since more space would only contain a repetition of last year's summary and appear of little avail from a health standpoint. In passing, however, it might be said that guarding the milk and food supply of a community, approximating 20,000 inhabitants and a shopping center for many more is a responsibility of no little importance and requires more, in my opinion, than casual interest and casual pay. The pay for this work is the same today as 19 years ago.

The following details cover the year 1946:

60	Retail Milk Licenses @ 50c	$ 30.00
32	Dealer Milk Licenses @ 50c	16.00
5	Pasteurizing Licenses @ $10.00	50.00
3	Ice Cream Manufacturing Licenses @ $5.00	15.00
15	Oleomargerine Licenses @ 50c	7.50
		$118.50

The above total has been deposited in the Wakefield Trust Company to credit of town of Wakefield, and I hold receipt.

It should interest the Wakefield public to know that all milk distributed by dealers in the town of Wakefield is either pasteurized or certified.

181 Samples of milk collected for analyses.
22 Dairy farms visited—totaling 31 inspections.
16 Communities supplying Wakefield dealers.
12 Towns in Massachusetts—4 towns in New Hampshire.
4 Food complaints adjusted, all out of town patrons.

Respectfully submitted,

LAWRENCE E. DOUCETTE,
Inspector of Milk and Food.

Report of Middlesex County Extension Service

Food production was of the utmost importance during 1946 and the main effort of the Extension Service was along this line. Through meetings, radio, farm and home visits, county bulletin, news releases and calls in person and by telephone at the office, assistance was given to as many people as possible.

Fruit growers this year were interested especially in knowing more about frost damage and its prevention and the latest materials to use in spraying to overcome insects and diseases. Because of the wet season there was a severe infestation of scab and growers required all the assistance possible to produce a good quality crop. Twilight meetings of interest to local growers were held in various parts of the county. Information was sent to our local paper and the radio to help all those interested in home gardens.

Three projects were emphasized to assist those interested in poultry, namely, Better Use of Ranges, Brooding and Rearing; Disease Control and Sanitation.

Of interest to dairymen, the Selective Breeding Association and the Herd Improvement Association were developed and expanded during the year.

Because of food shortages, homemakers were given assistance, to help them in the problem of feeding their families the right foods essential to health despite the shortages. Demonstrations and illustrated talks were given on :"When Meat is Scarce," "Sugar Saving Desserts," "Use of Available Foods," "Oil Sparing Salad Dressings." Homemakers were given instruction in clothing renovation and short cuts and speed tricks in clothing renovation. Food preservation was the main project followed during the summer to insure satisfaction in home canning and in the preparation of food for freezing.

4-H Club work was carried on under the direction of the 4-H Committees of which Mrs. Lyle Courage was chairman and who was also the leader of a canning club. Mrs. Edmund Becker and Mrs. Walter K. Freeman were leaders of clothing clubs. Mrs. Freeman was a counselor at the county 4-H camp. Miss Alma Becker did the outstanding work in the town, being a blue ribbon winner in the county dress revue, at which time she modeled her wool suit. She also participated in the dress revue for the state at the State College. She was elected mistress of ceremonies at the Teen Tour Luncheon in Boston.

Respectfully submitted,

ERIC V. LARSON, Town Director
Middlesex County
Extension Service.

REPORT OF THE TRUSTEES OF THE LUCIUS BEEBE MEMORIAL LIBRARY FOR THE YEAR OF 1946

The Trustees of the Lucius Beebe Memorial Library herewith submit the ninety-first annual report.

Although the first full year since hostilities ceased has gone by, conditions are still abnormal, and the Library still finds it necessary to meet difficult situations. For a long time the circulation of books was very high, then due to various factors in common with other libraries, it decreased. For the past few years it has shown signs of leveling off, and this year shows an upward trend. It is not necessary to say that the largest circulation is in the books of fiction, but the Trustees are glad to be able to report that there is a decided increase in the circulation of books of fine arts, useful arts, periodicals, biography, and philosophy this year. In fine arts the increase was 40% over that of 1945, in useful arts 18%, in biography 13.8%, in philosophy and religion 13%. There has also been an increase of 23.8% in the pictures borrowed. These pictures, of which the Library has an extensive collection, are much used by schools and clubs.

At the close of the year 1946 the total number of borrowers was 8487, and of this number 1088 were new borrowers. To all these patrons the library system offers many services, of which the circulation of books is only a part. At the Main Library and at the two branches in Greenwood and Montrose many reference questions are answered at the desk and over the telephone, lists of books on special subjects are compiled, and an inter-library loan service is maintained, to mention just a few of the services offered to the patrons. Thirty-six school deposits are sent out from the Library, other deposits are sent to the Elizabeth E. Boit Home for Aged Women, to the summer Girl Scout Camp, and to the Y. M. C. A. Day Camps.

Probably no department of the library system is as important as the Children's Room. This year the Friday afternoon story hours have been continued, also the summer story hours at the day camps at the Y. M. C. A., at the day camps for Girl Scouts, and at the summer Bible School. The music appreciation class, started a few years ago, met each week to hear records on the victrola and to continue the appreciation study. Each year classes in the use of the books and how to find them in the Library are given in the Children's Room and at the Greenwood and Montrose Branches to the four higher grades. Two new features have been inaugurated in the Children's Room this year, one a story hour for pre-school children held on Friday mornings, the other the preparation of a Treasure Chest of books to be sent to the children in the war countries. This latter undertaking has served the twofold purpose of helping the local children to think of those less fortunate and of collecting a considerable number of books to be sent away. Four boxes to hold the books collected were made by High School students under the guidance of Mr. Louis Marche of the High School faculty. The first chest is ready to be sent to England, the second will go to China. Mrs. Hester Wilson, representing Treasure Chests in the Boston Area, spoke to the children in September about the

boys and girls in Europe and Asia today, thereby heightening their interest in the project.

Among the special gifts received by the Library this year are thirteen books given in memory of men in the service and six books in memory of Miss L. Josephine Mansfield. Mr. Stephen Paine of Brookline has given a complete set of "Fortune"—forty bound volumes. Again this year the Christmas decorations were the gift of Mrs. Albert W. Rockwood and Mr. Lucius M. Beebe.

On the evening of September 18, 1946, the official opening of the new home of the Montrose Branch took place. The guests of honor were the donors of the Montrose Chapel, which has been so skillfully remodeled under the efficient direction of Mr. Edward M. Bridge, the architect. More than a hundred visited the building and took the opportunity to greet the surviving members of the Montrose Chapel Society — Mr. John G. Reid, Mrs. James George, Mr. Shirley W. Dager, Mrs. Edward W. Wilder, Mrs. Fred G. Reid, Mr. and Mrs. George I. Oliver, and Mrs. Grace I. Richardson —and to express to them appreciation of their gracious gift. The open house was held under the direction of a group of Montrose citizens representing the Community Association and the Parent-Teachers' Association. They had planned every detail carefully, and their hospitality contributed much to the very happy occasion. Sandwiches and coffee were served from an attractive table, and flowers added to the homelike atmosphere of the room.

In the afternoon children from the Montrose district were entertained with stories and victrola music under the supervision of Miss Carleton and Miss Roberto, the branch librarian, and were treated to ice cream by the Montrose Associations.

Both the Community Association and the Parent-Teachers' Association have shown keen interest in the Branch from the very beginning and have been generous in their cooperation. Wall paper, floor finish, and remaking the lawn are tangible evidences of their interest, but even more important is their continued enthusiastic support.

The Greenwood Branch continues to hold an important place in the library system. Miss Clara Wilson has arranged some very popular displays, which appeal to the grownups, as well as to the children. These have been varied in accordance with the season, the Christmas one being especially noteworthy.

Early in the year the Trustees and the Selectmen met in joint session to appoint a successor to Mrs. Alice W. Wheeler who had resigned. Mrs. Miriam G. Needham was unanimously elected, and the choice has proved a wise one. Mrs. Needham is thoroughly conversant with library work from her service in the Winthrop, Somerville, and Wakefield systems.

When the Library was moved from the Town Hall to the new building in April 1923, its book resources were not as extensive as they are now. At the close of that year the Trustees' report gave the number of volumes as 23,839; at the close of 1946 there are 74,936, over three times as many. Bookshelves have been added in every available space, and the time is coming

when additional stack room should be built at the rear of the building, a project which the Trustees have suggested for consideration under the capital outlay plan.

For one reason or another the staff has been incomplete much of the year, and this has been a very real handicap. If it were not for the readiness with which each member of the staff has given her best, the public would have felt the lack of service greatly. The Trustees feel a deep sense of gratitude to the librarian, Miss Helen F. Carleton, to the members of the staff, and to the part-time workers who have been so loyal.

Report of Park and Cemetery Commissioners

January 1, 1947

To the Citizens of Wakefield:

We hereby submit our annual report of the Park and Cemetery Department for the year 1946.

This past year we were handicapped because of shortages of funds to hire extra help for the Park, Common, five playgrounds, and thirteen triangular plots.

The wind storm in the spring did considerable damage to trees along the lake shore, bath house, and on the park and common. Several of them had to be removed, and should be replaced this year.

Our equipment is about worn out, and we are asking for new equipment in our 1947 budget, in order that we may take care of the park system as it should be taken care of. We must have proper equipment, and we hope it will be forthcoming.

There is much work to be done at the playgrounds, this coming year. The baseball diamonds and tennis courts should be taken care of.

The bath house was well attended this year, with very few accidents, which were minor ones. The lifeguards and all employees did a wonderful job, and we wish to thank them publicly. We turned in to the Town Treasurer $282.75 collected from non-residents.

Another addition to the park system was the generous gift of Mrs. Elizabeth C. Hall of about three acres of land and buildings thereon on North Avenue adjoining Veterans' Field. By a vote of the Special Town Meeting held January 6, 1947, instructing the Park Department to send a letter of thanks to Mrs. Hall for her generous gift, the following letter was sent to Mrs. Hall.

Wakefield, Mass.
January 10, 1947

Mrs. Elizabeth C. Hall
3 Norman Road,
Saugus, Mass.

Dear Mrs. Hall:

At a special Town Meeting held by the Town of Wakefield on January 6, 1947, it was voted unanimously to accept your generous gift of a parcel of land on North Avenue, Wakefield, for Park purposes. At the same meeting it was voted that the Park and Cemetery Commissioners express to you their deep appreciation in behalf of the Town of Wakefield for your generous gift, and your Civic Interest in the Town of Wakefield.

It was also voted at a special meeting of the Park and Cemetery Com-

missioners held January 9, 1947, that this addition to the Park System be known as the William H. Hall Park. Thanking you again in behalf of the Town of Wakefield, we remain

Respectfully submitted,

JOHN T. STRINGER, Chairman
ROBERT F. FITZ, Secretary
GEORGE W. ABBOTT
Park and Cemetery Commissioners

A further addition to the park system is the new Water-Street Playground. $1,500.00 was allocated by the Town in 1946 for this project, which was spent for fill. It will cost about $8,000.00 to finish this work and an article to take care of this has been put in the 1947 Town Warrant.

Your commissioners are negotiating for two more parcels of land on the shores of the lake for park purposes. We expect them to materialize in the near future.

Forest Glade Cemetery receipts for 1946 were as follows:

Sale of Lots and Graves	$ 2,395.00
Perpetual Care	2,374.00
Miscellaneous Receipts	1,668.35
Total	$ 6,437.35

We are confronted with making new lots and graves, and we are taking care of this in our 1947 budget.

Respectfully submitted,

JOHN T. STRINGER, Chairman
ROBERT F. FITZ, Secretary
GEORGE W. ABBOTT

Report of the Municipal Light Board

January 2, 1947

To the Citizens of the Town of Wakefield:

We submit for your consideration the fifty-third annual report of the Municipal Light Board, covering the year ending December 31, 1946.

The net profit of the Electric Department was $54,686.45 as compared to $56,093.08 in 1945 and that of the Gas Department was $6,822.39 compared to $9,990.07 in 1945.

The balance in the Operating Fund was $65,295.98, a decrease of $4,-442.72 from last year.

The sum of $35,000.00 was paid to the Town, making a total of $358,-611.80.

We are asking for an appropriation of $22,000.00 to cover the cost of street lighting for 1947.

The Manager's report, including financial statements for the year is included in this report.

Respectfully submitted,

MARCUS BEEBE, 2nd, Chairman
THEODORE EATON, Secretary
AUBREY T. QUINLAN

To the Board of Light Commissioners:
Gentlemen:

The following condensed Profit and Loss statement shows the financial operations of the Department for the year ended December 31, 1946 and the changes from the previous year.

Sales of Gas and Electricity	$466,810.88	Increase	$ 31,545.74
Cost of Gas and Electricity	225,746.38	Increase	20,867.47
Gross Revenue	241,064.50	Increase	10,678.27
Operating Expense	179,609.69	Increase	14,742.07
Operating Revenue	61,454.81	Decrease	4,063.80
Other Income	1,530.50	Decrease	582.76
Gross Income	62,985.31	Decrease	4,646.56
Other Expense	1,476.47	Decrease	72.25
Net Income	61,508.84	Decrease	4,574.31
Paid to Town in lieu of Taxes	35,000.00		
Net	$ 26,508.84	Decrease	$ 4,574.31

The Town's equity in the plant is shown on the Balance Sheet in two items:

Appropriated Surplus	524,932.86		
Earned Surplus	495,393.94	Increase	26,825.60
Total	$ 1,020,326.80	Increase	$ 26,825.60

The maximum loan on the system as recorded at the substation was 3,500 K. W. which is an increase of 300 K. W. over the previous. Specifications covering equipment to give us additional capacity are being prepared and bids will be asked for in a short time.

The Greenwood circuit has been changed to three phase and we plan to change our other circuits as rapidly as possible.

Both gas and electric lines have been installed in Morel Circle to serve twenty houses in that development.

Eighty electric and sixty-six gas services were installed in various parts of the town to serve new houses, most of which were connected to existing lines.

The twenty-two Fire Alarm boxes which we received late in 1945 were installed, replacing older type of boxes and four new boxes were installed—No. 141 Robert St., No. 311 Jefferson and Hamilton Roads, No. 391 White Circle, and No. 394 Vernon St. near Juniper Ave. Eight new boxes have been purchased, six of them will be used to replace old boxes and two boxes for new locations. The Police Department has asked for a new box to be located near the Mapleway Playground.

Financial statements follow:

37th Annual Report of the Wakefield Water and Sewerage Board

The year 1946 was the first year since the beginning of the war that any considerable amount of new construction was carried on by the Water and Sewer Department. However, due to the continued shortage of labor and difficulties in obtaining materials not all of the work voted at the 1946 Town Meeting was completed. Funds for a considerable portion of such work were raised by Bond Issue and therefore these funds are now available to permit continuance of this work in 1947. An important job which was completed in 1946 was the replacing of the old 12″ cement lined pipe in Albion Street with 12″ cast iron pipe. This pipe was replaced from Lake Street to Green Street, Stoneham and 900 feet of similar pipe was replaced in Lake Street.

In 1945 a special Town Meeting voted $5,000.00 for the use of the department in obtaining an engineering survey of the principal areas of the town which are not sewered. Prof. Charles O. Baird was engaged for this work and made surveys and investigations during 1945 and 1946. He has recently completed the work under the appropriation and has submitted a full report together with drawings of the areas which he has surveyed. Prof. Baird made complete preliminary surveys and designs of the two main trunk sewers as well as special investigations of several independent areas which constituted independent problems and required special consideration. A complete system of maps was prepared covering the area of 250 acres which was surveyed by the engineer.

The two main sewers studied by Prof. Baird and described in his report consist of the Montrose Main Sewer and the Woodville-Greenwood Main Sewer. The Montrose Sewer consists of a trunk sewer beginning at the Low Level Sewage Pumping Station behind the Nasella Playground and running in a northerly direction along the old Electric Railway right of way to New Salem Street, thence along the easterly side of the Boston & Maine Railroad to Lowell Street and through the Forest Glade Cemetery. Within the cemetery the sewer divides, one branch running easterly behind Coolidge Park and the adjoining streets and a second branch continuing north to Lyons Lane, thence westerly across the railroad tracks to Vernon Street to serve the northerly portion of Vernon Street and the adjoining area. Another main branch of the Montrose Sewer will extend northeasterly along New Salem Street to the junction of Lowell Street. These main sewers which will serve the Montrose and adjacent areas have been completely studied so that the cost of work can be estimated and so that the preparation of construction drawings can be started with relatively little delay.

The proposed Woodville-Greenwood Main Sewer will begin at the previously mentioned pumping station and will extend in a southerly direction to Nahant Street, thence along Oak Street as far as Atwood Street. A suitable location has been worked out so that this main sewer can deliver sewage by gravity to the Low Level Pumping Station. Complete surveys of the area through which the sewer passes have been prepared and are available for other extensions within the area.

All areas surveyed by Prof. Baird have been completely mapped and are related to a coordinate system established by him which will readily permit further extensions to the system in the future. These maps will undoubtedly be of distinct value not only to this department but to the other departments in the town. A complete series of vertical control points throughout the area have been established and the elevation of 113 bench marks are available for future use.

Although the $5,000.00 appropriation was sufficient for investigating some of the most important unsewered portions of the town it was not adequate to investigate all of the areas which require study. Some of the remaining sewerage problems which should be studied in advance in order to determine methods of providing sewerage facilities include the following: North Avenue near the Reading line; the development in the vicinity of Cutter Street adjacent to North Avenue; Lowell Street; Main Street, and the adjacent streets at the head of the lake near the Reading line; practically all of the Wakefield Park area; Water Street near Farm Street and the end of Montrose Avenue adjacent thereto; the southeast portion of Greenwood beyond the limits of the present sewers; Lake Avenue and Spaulding Street including the area near the boathouse; and other isolated spots which constitute special sewerage problems.

Due to the impetus of the house building program several new streets have been accepted during the year and undoubtedly many others will be accepted by the town within the next year or two. Such building activity produces an immediate demand for new water mains and undoubtedly these new developments will require the construction of many additional sewers. The volume of such work will tax the capacity of the department almost to the limit aside from the construction of the main trunk sewers to areas which are not sewered at present.

Some of the work which must be contemplated by the department within the next few years is itemized below. Since most of this work will require the expenditure of considerable sums of money it is recorded herewith in order to keep these items before the voters:

Water System

1. Even though a considerable portion of the old 12" cement lined pipe in Albion Street was replaced last year, there is still about 18 miles of this old cement lined sheet iron pipe still in use. It is essential that all of this pipe be replaced within the next few years, and just as soon as con-

ditions permit the program of replacement must advance at a more rapid rate.

2. The Stoneham Standpipe is now 63 years old and the need for its replacement is undoubtedly imminent.

3. The replacement of the existing wooden shed on the north side of Broadway with a fire resisting building for storage purposes is an important consideration which the department has had in mind for several years.

4. More than half of the water used by the town is pumped by the Broadway Station. This station is an old building with a wooden roof and if a fire should occur it might be extremely serious and costly for the town. We believe that sprinklers would be cheap insurance.

5. At present the steam plant at the Broadway Pumping Station is kept in readiness for standby use in case of electric power failure. If a gasoline standby is installed it will be possible to eliminate the steam plant and licensed operators will not be required.

Sewerage System

1. Many requests have been received for the extension of sewers in streets not sewered at present and many house owners are desirous of obtaining sewer connections from their homes to existing sewers. The scarcity of vitrified pipe and cast iron soil pipe as well as the shortage of labor have contributed to the inability of the department to keep up with the demands. Undoubtedly the coming year will see an ever greater demand, on the part of property owners, for the construction of new sewers.

2. As previously discussed, preliminary surveys for the Montrose Main Sewer have been completed and the probable location established to such an extent that this project can go forward rapidly if desired. The demand for sewerage in the Montrose district will undoubtedly be much greater as the construction of new homes in that area progresses. Montrose is the only well developed large area of the town which is not sewered at the present time and the construction of this sewer must be given serious consideration by the town within a very few years. The construction of such a sewer is a major operation and can not be contemplated until the availability of both material and labor is greatly improved over conditions which held during the past year.

For further details of the departmental work refer to the report of the Superintendent.

WATER DEPARTMENT

PERMANENT IMPROVEMENTS

A half-ton Chevrolet pick-up truck was purchased by the department during the year.

WATER SUPPLY

Crystal Lake is, at the present time, 22 inches below high water mark.

Water has been pumped from the driven well supply at Sexton Avenue every day and from the dug well off Bay State Road every night during the year.

FILTRATION PLANT

The Filtration Plant has produced an excellent quality of water. During the year 218 tons of sand were purchased and trucked from Plum Island to replace the sand removed in cleaning and scraping the filters. Also approximately 500 tons of sand has been rewashed and is ready for replacement in filters as soon as time will permit.

MUTUAL AID CONNECTIONS

It has been unnecessary, during the year, to use any of the mutual aid connections either by this town or adjoining towns.

SPRINKLER SYSTEMS AND FIRE PIPES

There are, at the present time, 28 sprinkler systems and fire pipes in the town and 15 private hydrants which are supplied with water by this department and for which we receive no recompense. Two sprinkler systems were added during the year namely, one at Fellmongers on Foundry Street and one at the Fraen Corporation in the rear of 324 Main Street.

SEWER DEPARTMENT

GRAVITY SEWER SYSTEM

The Gravity Sewer System has received its yearly inspection and tree roots and other refuse have been removed where necessary with the Flexible Sewer Rod Equipment.

LOW LEVEL SEWER SYSTEM

The Low Level Sewer System is in its usual excellent condition. During the year the grit chambers have been cleaned and the contents disposed of outside the town limits.

The Sewer Pumping Station serves its purpose but, as mentioned in last year's report, the load on the station is constantly increasing and it will soon be necessary to install at least one pump of larger capacity.

MAIN STREET SEWER EJECTOR STATION

The Main Street Sewer Ejector Station has rendered excellent service and no repairs of any kind have been necessary during the year. The ejector pots have been cleaned.

SEWER CONNECTIONS

Applications for house connections to date	2,429
Number of connections made	2,313
Number of connections made during year	71
Number of connections waiting	0

SEWER CONSTRUCTION

Eight inch sewers were constructed in the following streets:

Morel Circle, from Main Street easterly, then northerly, thence westerly to station 9 + 94.5, a total of 994.5 feet.

Green Street, from the corner of Greenwood Avenue, northerly 1,150 feet.

Eastern Avenue, from existing sewer in Vernon Street, westerly 675 feet.

Report of Board of Public Welfare

January 2, 1947

To the Citizens of Wakefield:

The Board of Public Welfare submits its Annual Report for the fiscal year of 1946.

Unlike many parts of the country, no person in need of aid in Massachusetts is ineligible for assistance by means of insufficient length of residence. In some states, residence of at least three years is a requirement for public relief. Eligibility for assistance in Massachusetts does not depend upon residence, but solely upon need.

The town furnishing the aid is reimbursed by the town in which the recipient has a legal settlement, and if he is without settlement, reimbursement is forthcoming from the state.

No person is denied aid in Wakefield by reason of there being no available funds nor because of insufficient length of residence.

General Relief: Aid to Recipients

The Wakefield Department investigates and decides amount of aid to be given recipients based on standard as determined by the local board. Many other cities and towns use State Standard budgets on General Relief cases, same as used for Aid to Dependent Children and Old Age Assistance.

Aid to Dependent Children and Old Age Assistance

According to State and Federal regulations, it is mandatory that a State Standard budget be used in figuring the amount of assistance to be given.

Employment of all personnel for this department is governed by rules and qualifications as required by the Massachusetts Welfare Compensation Board and the Massachusetts Civil Service Commission.

On November 1, 1945, Mr. Dennis P. Hogan, who had been employed as Principal Clerk, resigned to enter into private employment. There being no available Civil Service list to draw from, Mr. Harold A. McMann, a veteran of World War 1, was employed as of December 1, 1945, to fill this position, subject to issuance of a Civil Service list.

Mr. Frank B. Gladwin, a social worker, passed away early in January. Civil Service could not furnish us with a list. We were fortunate in being able to engage Mrs. Carolyn M. Lyons, a trained social worker, and also Mrs. Alice B. Whitney, a former junior clerk, both working on a part time basis. Mrs. Lyons, who later passed the examination, moved from Wakefield, and she has been replaced by Mrs. Virginia M. Jackson, also a trained

social worker on a provisional basis awaiting a Civil Service list, at which time we will be forced to discontinue her employment.

On May 1, 1946, we were able to arrange the transfer from the Arlington Welfare Department of Mrs. Mary E. McKenna, a trained social worker, and a former employee of this department to fill another vacancy in the department which we had been unable to fill.

On October 1, Mrs. Etta C. Stoddard, Agent, retired due to disability. Civil Service has not been able, as yet, to furnish a person to fill this vacancy.

In the meantime, services of Mr. McMann have been retained on a provisional basis; first in order to instruct the new principal clerk the duties of the position, and also to carry on part of the work formerly performed by Mrs. Stoddard.

Proper organization of the department has been severely handicapped due to Civil Service regulations regarding the employment of personnel.

It was with much regret that the Board accepted the resignation, on August 13, 1946, of its senior member, Mr. Harold C. Robinson, due to ill health. We have lost the services of a conscientious and valued member, and the Board's best wishes go to Mr. Robinson for a speedy return to good health.

Mr. Winsor L. Finney, Jr., a veteran of World War II, has been appointed to replace Mr. Robinson, and the Board welcomes him as a new member.

Mr. Myhre, a member of the Board, has devoted a great amount of time, as Acting Agent, and through his efforts, a complete reorganization of the work of the department has been made. We feel that the work of our social workers and keeping proper case records, proper investigations of all applications for assistance, and granting of proper assistance according to State and Federal regulations and standards, is now second to none in the State.

The District Office of the Massachusetts Welfare Department has complimented the department on the results obtained. We trust that before January, 1948, the Civil Service Commission will have furnished us with a satisfactory list from which we may be able to employ a trained social worker and also an agent.

Aid to Dependent Children

There have been two significant changes in legislation affecting Aid to Dependent Children this past year. Chapter 412, provided that A. D. C. be retroactive to date of application, this making payments in A. D. C. similar to Old Age Assistance.

The other change under Chapter 567, Section 2A amended Chapter 118 of the General Laws to read:

"Section 2A. In establishing the amount of aid to be granted to any family for aid of one or more dependent children, the needs of the following persons shall be included, in addition to those mentioned in Section One, and shall also be included in the reimbursement by the Commonwealth; the husband or wife of a parent if such parent is married, and the unmarried brother and sister under the age of 21 years of the dependent child, who are living in the home of a parent of the dependent children."

Old Age Assistance

Several changes in the law affecting Old Age Assistance, effective Jan. 1, 1946, were made by the Legislature.

The principal change is one that relates to the support by children, and this provided for a material increase in the amount of exempted income as shown by the following table:

Liable Children and Exempt Income

Liable Children	Old Law	New Law (Based on Net income; I. E. after deducting State and Federal Income Taxes)
Single child in home	$ 14.00 wk. gross.	$ 1,500.00 yr. net
Single child living apart	1,150.00 yr. gross.	1,750.00 yr. net
Married child, spouse self-supporting; no dependents	1,150.00 yr. gross.	2,750.00 yr. net
Married child, spouse dependent	1,725.00 yr. gross.	2,750.00 yr. net
Married child, each additional dependent	575.00 yr. gross.	500.00 yr. net

Rate of Contribution Above Exemption

Liable Children	Old Law	New Law
Single child in home.	50% over $14.00 wk.	1/3 of amount above exemption
All other liable children.	15% of first $500 and 35% of remainder above exemption.	1/3 of amount above exemption

In addition to this change the law also provides that the child's statement under oath shall be used to determine liability and no further investigation shall be made unless there is reasonable doubt as to the truth of the statement made. This law also provides that no action shall be taken under Chapter 273 of the General Laws but that the provision of General Laws, Chapter 117, Section 7-12 inclusive shall apply.

These sections provide for civil action in the superior court.

The foregoing changes are certain to result in a marked increase in the number of cases to be aided, and in an appreciable rise in the cost per case. We estimate the change in the children's exemption has cost an additional $9,000.00 this year.

In addition there have been two increases in the State Standard Budget this year. These two increases have increased the average cost approximately $6.00 per case.

Report of Recreation Commission

January 20, 1947

Playground areas used this past season were the Common, Moulton, Maple Way, Nasella, Hart's Hill, Montrose, Walton Field, and Veterans' Field. Also the Lafayette Building, Beebe Memorial Library Lecture Room, the High School Auditorium and the Greenwood Union Church Hall were used. The first building was used for folk dancing and pageantry on rainy days, and the latter buildings for our educational movie programs.

When the present supervisor took charge eighteen years ago, only two areas, the Common and Nasella were used by the Recreation Commission.

This past year the staff consisted of a supervisor, an assistant supervisor, who was also a specialist in folk dancing and pageantry, a handicraft specialist, three men assistants, and six women assistants.

Demonstration Day during the last week of the playgrounds consisted of the finals in the baseball leagues held at the Common in the afternoon. Also horseshoe finals, and volley ball and dodge ball contests for the girls were part of the program. Demonstration Day continued at night at Veterans' Field under lights where the pageantry and folk dancing classes put on an exhibition of their season's work. The handicraft prize exhibits were also on display that night.

An attendance of over 2,000 parents and friends of the participants were able to view the exhibitions due to the innovation of having the affair at night under lights.

Before the evening was brought to a close relay races by the boys and a double header by the adult softball teams made a full day of the activities program.

Our handicraft supervisor spent a day at each playground laying out the work so that the instructors on the grounds could carry on this work during the week. A varied program was enjoyed by about 400 boys and girls throughout the town's different play areas.

About 350 boys made up the different baseball teams on the playgrounds. The boys too young for baseball enjoyed using the swings, slides, see-saws, lighter games and story-telling.

A story-telling hour was an important part of the daily program. At no set time, but whenever the tots appeared a little tired of playing an experienced story-teller on every playground would entertain them with appropriate stories.

Educational movies for boys and girls under twelve years of age were held weekly up-town and at Greenwood. The programs consisted of animal pictures, cartoons, and singing reels for the younger children. The older boys and girls enjoyed mostly sports and travel pictures. The at-

tendance at these shows became so large that the Beebe Memorial Lecture Hall could not hold the crowd so we shifted to the High School Auditorium where 700 boys and girls weekly enjoyed the programs. At the Greenwood Union Church Hall an attendance of from 250-350 attended each week.

Block dancing on the tennis courts Wednesday nights proved popular with the young people of the town.

Special contests such as athletic days, costume parties, pet contests, amateur shows, peanut hunts, doll carriage parades, and curly hair, or freckle-face contests were held weekly at each playground. Prizes were awarded and many parents attended these affairs.

Disciplinary problems have disappeared from our playgrounds almost entirely since we have men instructors on the three large areas. On playgrounds where we have only women instructors it is too much for the woman to take care of the little boys and girls and also to organize the older boys and girls into games. Therefore, for the best results in taking care of those who come to our playgrounds, and who need organized play, it is hoped that at least a man in addition to the woman, for Hart's Hill and for Nasella, will be employed next summer.

There have been no serious accidents this past season. Only a few minor scratches were reported. Every play area has a first-aid kit.

The Annual Track and Field Championships were held at Walton Field with about 450 boys and girls competing in running, jumping, and throwing events.

The Recreation Commission in conjunction with the Moth Department experimented with D.D.T. in order to lessen the mosquito nuisance at Veterans' Field this past summer. In spite of the heavy rains immediately following the application of this chemical the nuisance was lessened. It showed that a proper amount sprayed at right intervals would eliminate this nuisance entirely.

We wish to publicly thank the four package goods stores of Wakefield —Palumbo's, Tine's, Jeffrey's, and City Hall Package Goods Store—for the free tonic given to the boys and girls of the playgrounds at the Common on Demonstration Day and at the Athletic Day at Walton Field.

The Wakefield Item has been very generous with the amount of space given to the Recreation Commission's work daily. We are also thankful for the numerous pictures of our special weekly contests appearing in the Item.

These pictures and clippings have been clipped regularly from the paper by the children, and many have made scrap books from this material that will be enjoyed by them in future years.

The Greenwood Church is thanked for the use of its hall; the Moth Department, for spraying the D.D.T.; the Municipal Light Department, for furnishing light for our adult softball teams; the Park Department for its splendid co-operation in all requests, and Jerry Hennigar of the Lafayette Building for services rendered to our pageantry and folk dancing classes.

The Commission believes that it would be a wise move to encourage

more baseball among the older boys up to nineteen years of age to be played as twilight baseball.

Clubs like the Elks, Lions, Rotarians, K. of C., C. Y. O., and 9:29ers would be doing the community a great service if they would sponsor such a team, outfit them, and supply them with a coach.

The Recreation Commission would organize the league, provide the playing areas, arrange schedules and officials.

As soon as the tennis courts of the town are attended to and made satisfactory for use tennis tournaments could be arranged for boys and girls of High School age.

REPORT OF THE SCHOOL COMMITTEE

Post-war problems of readjustment and the study and enactment of constructive policies to further the growth and betterment of education in Wakefield have taxed the time and resources of the School Committee during 1946.

Significant because of its potential effect on the pattern of education in Wakefield, was the completion of the first school census by School Committee Agent Thomas F. Kenney.

Immediately contingent upon the school population figures presented by this census was the appointment of a sub-committee consisting of Marcus G. Beebe and Paul A. Saunders to survey Wakefield's need for additional school facilities. Their report, published Oct. 24, 1946, recommended, in brief, construction within the next 5 years of a central intermediate school to accommodate 700 pupils, on the lot south of the High School, and in the near future, an addition of at least two classrooms at the Hurd School.

An advance in fair and efficient administration of school personnel was achieved by the adoption as of September 1, 1946, of a new salary and payroll plan. These plans, largely the work of Chairman James M. Henderson, for the first time in the history of the department placed all positions of an equal value on an equal pay footing, while the payroll policy greatly simplified office handling. The salary plan is based upon training, experience and professional improvement. The payroll plan results in even dollar payments, semi-monthly.

Two changes in physical set-up have marked the school year. On May 14, 1946, the Hamilton School, built in 1883 and unused for school purposes since 1932, was deeded to the Catholic Arch-Diocese of Boston, through Msgr. Florence J. Halloran of St. Joseph's parish.

On August 14, 1946, the School Committee voted to close the Woodville School for one year. Action of the committee was taken after school census figures indicated a probable enrollment of 32 for grades 1 through 4. The building formerly accommodated in 8 grades, 250 children. The committee hopes that development of the district may soon warrant reopening of this school which is one of the more modern of Wakefield's grade school buildings.

Due to the closing of the Woodville School and to increased traffic hazards in other districts, the committee has authorized the following bus transportation over and above legal transportation requirements:

Transportation of Woodville pupils to Franklin School

Transportation of certain Lincoln School pupils in crowded grades to the Hurd School

Transportation of head of the lake pupils for whom there is no room at the Hurd School to the Montrose School

Transportation of Montrose School pupils suffering traffic hazard to the Montrose School

Two buses, making four trips a day accomplish this service.

Changes and repairs, needed, but impossible to carry out under war restrictions, were this year required by the State Department of Public Safety. For these changes, which were mandatory, the Finance Committee allotted to the School Department $7,500.00.

Under the special appropriation voted by the Town Meeting for the purpose, alterations and improvements have been made at the West Ward School. These included a new vestibule, a new stairway, painting, plastering and lighting.

The facilities of Wakefield High School have been granted once more for the Regional Veterans' High School which serves ten towns, and many returned veterans have been awarded high school diplomas through their studies at this institution. A detailed report of this activity is included in the report of the superintendent of schools.

Wakefield High School was again given an "A" rating by the 2 classifying agencies, the College Entrance Examination Board and the State Department of Education. Wakefield High School has held this honorable standing without interruption for 24 years.

In June, the committee deemed it essential to give to Superintendent Atwell assistance in the burden of educational detail which expanding school needs and increased state and federal requirements have brought about. Superintendent Atwell's tenure of 35 years, the second longest in the state, merited this step. R. Edgar Fisher, head of the History Department and teacher at Wakefield High School since 1921, was appointed Assistant Superintendent of Schools under the immediate supervision of Superintendent Atwell.

In keeping with a modern trend urged by educational authorities, two young men teachers were appointed to the grade schools.

Another innovation which has been gaining great popularity throughout the state was adopted in October when the committee voted to use the services of the Community Lunch Program under the joint state departments of Education and Public Welfare. It is too early to report on this new system which has been in actual operation only since November.

On January 16, 1947, the committee accepted with regret the resignation of its chairman, James M. Henderson who had given unceasingly of his time and talent during one of the most crowded years in the history of the department. Pressure of business forced his resignation as chairman, but not as committee member. Paul A. Saunders was elected acting chairman until Town election.

The School Committee continues in its earnest effort to serve the young people of Wakefield in the preservation of democratic ideals through the great cause of free public education.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit the annual report for the School Department.

Late in June the School Committee created the office of Assistant Superintendent of Schools, and R. Edgar Fisher was appointed and assumed his duties on July 1st. Mr. Fisher has served as a high school teacher and a high school principal before coming to Wakefield where he has been the head of the History Department for several years. Mr. Fisher's appointment was a happy selection. He has shown an excellent co-operative spirit and is doing splendid work.

On January 31st T. Frank Shea retired after serving as principal in Wakefield since 1902. We wish him many years of enjoyment from his release from his arduous work. Francis Dinan was elected to succeed Mr. Shea. Mr. Dinan had been a high school teacher and served as a lieutenant in the Navy.

Helen Gilmore, Lillian Shaffer and Maude Parks retired during the year after long service in Wakefield. We wish them much happiness in their release from their many years of good work with us.

The following paragraphs are taken from the report of the High School principal:

"The enrollment at the beginning of the school year was as follows:

	Boys	Girls	Total
Seniors	81	117	198
Juniors	103	111	214
Sophomores	140	125	265
Freshmen	151	144	295
	475	497	972

This enrollment was 21 less than last year.

Beginning in September pupils were assigned one period a week in the Library for study or library work. It was thought that by so doing all study pupils would be removed from the Auditorium. This has not been realized. There are seven periods a week when no pupils study in the Auditorium, but there are study pupils in the Auditorium the other 21 study periods each week.

In September we set up a new program in vocal music. Last year we had about seventy pupils enrolled in the two singing groups which was too small for a school of nearly 1,000 pupils. Unfortunately, many of the upperclassmen have done little or no singing in high school and were not interested in enrolling in any of the groups. We had, however, a fine response from the sophomore and freshman classes. The enrollment to date is 135 boys and girls in the Chorus, 25 in the Boys' Glee Club, 40 in the Girls' Glee Club, and 15 in the sight-reading class. The Chorus and Glee Clubs gave a Christmas program at a special assembly. Considering that these groups have been organized but a few weeks, they did very well.

This year, Mr. Joseph Cassano gives a course each week to senior boys in Military Intelligence.

During the year fourteen boys who had left to join the Armed Forces and have been discharged from the service have taken courses with the U. S. A. F. I. and the Veterans' School in Wakefield and have received their diplomas.

Twenty members of the Class of 1946 entered college in July or September. Many others were unable to enter college for lack of room in the colleges due to the large number of veterans of World War II who were given preference."

ELEMENTARY SCHOOLS

For the past several years the Beebe Library has been using a room in the Montrose School as a branch library. The Library has taken over the old Montrose Chapel now, thus giving the School Department full use of the classroom.

The total enrollment for grades 1-4 at the Woodville School has been only 32. It was felt wise to close this building until such time as the number of pupils in this district increases to numbers enough to make reasonably full classrooms.

The children who would attend this school are being transported to the Franklin School. Some pupils in crowded grades of the Franklin and Lincoln Schools are transported to the Hurd School.

Because of lack of sidewalks and resulting travel hazards on Salem Street beyond the junction of Lowell Street, the School Committee has felt that as a safety measure it should transport the pupils living beyond this junction, and therefore made a contract with the Lynnfield Community Bus Line to carry these children.

The following paragraphs are taken from the report of the Supervisor of Elementary Instruction and from the principals:

"Last year science readers were given to the pupils of grades 5, 6, 7, and 8. This new subject was well received, and this has done much to enrich the curriculum. It has provided a wealth of material and experiences for the children and has helped considerably to integrate all subject matter and skills.

Following the demonstration in group reading that was held last year at the West Ward School by Miss Mabel Kernan for all the teachers of grades 3 through 6, many teachers have availed themselves of this opportunity to improve the reading in their classes. In some of my classroom visits it has been gratifying to hear many teachers state that this group reading had improved the reading and had also cultivated in the pupils a stronger desire to read. This improvement in reading has been transferred into other subject-matter fields.

Assemblies are held every two weeks at the Warren School. They have proven to be very popular and beneficial. All parents are invited and many of them attend.

The Parent-Teacher Association of the Warren School has presented to the school a new Ampro 16-millimeter moving picture sound projector. It has already been put to good usage in the assembly program.

The transfer of the seventh and eighth grades from the Hurd School to the Montrose and Lincoln Schools has made possible single first and second grades. Single grades at the primary level are much to be desired and from the school point of view the present arrangement is good. The real answer to the problem is an addition to the Hurd School to provide the necessary room space and a much needed auditorium.

The Lincoln School has likewise been handicapped without an auditorium for assembly programs. There apparently is no immediate solution to this problem, but the school curriculum could be considerably enhanced by an effective assembly program.

There has been a serious lack of audio-visual aid materials in the elementary schools. We need more projectors, phonographs, films, records, charts, maps, etc. to enliven the curriculum and make the learning process more effective and certainly more pleasant.

The playground at the Franklin School is in poor condition. Filling in this land would provide adequate playing area and help eliminate the possibility of pupil accidents."

VETERANS' SCHOOL

The following are excerpts from a report by Howard J. Heavens who was appointed to take charge of such a school:—

"At the instigation of the State Department of Education money was appropriated through the State Legislature to undertake to fulfill their obligations to the veterans of the state by granting them free of charge the chance to complete their education which was interrupted by their induction into military service.

As a result other centers located in high schools were appointed to take over the work, and Wakefield, among others, was established a Regional School to begin January 1, 1946.

The objectives of the school are three-fold, and are expressed as follows:

A. To give the veteran opportunity to gain credits to satisfy the requirements for a high school diploma or a State High School Equivalency Certificate.

B. To give the veteran the opportunity to gain credits necessary to satisfy the requirements for college admission, or to prepare for examinations.

C. To give the veteran the opportunity to secure courses for refresher for college or for certain job requirements.

At first the response was small. Perhaps there were thirty the first week, but as time went on the school steadily grew. The school reached a registration of 246 by June 15, representing ten communities, namely Everett, Lynnfield, Malden, Melrose, Reading, Saugus, Stoneham, Wakefield, Winchester and Woburn.

During the latter part of spring, a college at Camp Devens was organized and candidates were to be examined for there and elsewhere in September. A summer session was necessary for the preparation of these boys.

We operated for six weeks, five hours per day, five days a week. It was calculated that a boy coming full time for the six weeks could finish three whole year courses. This proved to be true in the majority of the cases.

The summer sessions opened with 187 registrants and increased to 254 before the end of the summer. We sent 72 boys to the Devens exams,—63 passed them and were admitted. This is in addition to a large number of boys who qualified for other colleges.

This fall we reopened September 12 with 143 new registrants besides many hold-overs from the preceding terms. By December, the end of our fall term, there were 301 students in the school.

Since this is an adjustment period for the veteran, there has been a considerable amount of coming and going. However, the percentage of regular attendance is remarkably high, averaging better than 85%.

The curriculum is purely academic and limited. It has been purposely made so for the following reasons. Academic credits are the only kind colleges will accept. A boy can obtain his high school diploma through academic credits as well as by others. Our corps of instructors can teach academic subjects as well as can be done in the best schools anywhere. Vocational courses as such are terminal courses. By that we mean, a boy who wants commercial courses will not ordinarily go to college afterward. Hence, if a boy wants such work, it is better for him to use his G. I. credits at a school which specializes in those courses and where the instruction ought to be much better than it could ever be done here without being unreasonably expensive."

HEALTH

The following are paragraphs from the report of the School Physician and the School Nurse:—

"We have examined or inspected all the pupils in the schools this year. As a rule the health of the students has been very good. Of 2709 examinations made, the following defects were found—750 were in need of dental repair; 226 should have their tonsils removed; 117 were found to have hard wax in the ears; and 2 had valvular heart disease. These all had notices sent to their homes with recommendations for correction, and a good many had the corrections made. The two with valvular heart conditions were referred to the family physician for advice and treatment.

Contagious diseases in children attending school is still at a minimum, there being 26 cases of chickenpox, 1 of whooping cough, 2 of scarlet fever, 22 of measles and 3 of mumps. In all these cases steps were taken to prevent the spread of the disease to other people.

Immunization against diphtheria was carried out last fall to a much greater extent than previously, because of the appearance of a number of cases in cities between here and Boston and also a few cases in Lynn. We immunized 227 children in the various classes. A total of 92% of the children in the first grades have been immunized to diphtheria. We gave booster shots to 616 children in the grade schools to bring their immunity up. We also immunized 37 pre-school children while we were giving the

injections and 25 booster shots to pre-school children. All this made a total of 1433 injections that were given between the last of September and the 4th of December. I feel that our school population is very well protected against this disease.

Through the cooperation of the State Department of Public Health, by sending out an X-ray technician and nurse and the furnishing of films by the Southern Middlesex Tuberculosis League, payment for which was through the sale of Tuberculosis Seals each December, we were able to have all of the Freshmen and Seniors given a chest X-ray. This is an excellent bit of preventive medicine and has been carried on for several years. The findings this year were 4 cases, 1 pulmonary tuberculosis suspect, 1 acute non-tubercular disease, 1 chronic non-tubercular pulmonary disease, and 1 bone cyst or tumor. All these cases were referred to their family physician for treatment."

The following is a summary in brief of the work done by the nurse other than the regular routine:—

First Aid Cases	280
Home Calls	79
Taking children to North Reading for checkup	8
Taking children to Waltham for checkup	3

The maintenance work of the department has been greatly expedited by the efforts of Assistant Superintendent Fisher.

TEACHER SHORTAGE

There is a definite shortage of teachers for the elementary schools. Smaller classes are being graduated from the State Teachers Colleges, and the members are being placed long before June. Salaries of teachers are being raised in most communities but our schedule is not high enough to be a strong drawing offer.

During the summer the School Committee drew up a new salary schedule which was adopted to be effective September 1. See Appendix B.

During the fall many salary changes have been made throughout the State increasing the maximum. A committee of the Teachers' Club has been gathering data, and early in January it will present these and recommendations to the Committee.

The following paragraphs are excerpts from the report of the Supervisor of Attendance:

"The major assignment during 1946, outside of regular attendance duties, was the taking of the "Pre-School Census" from April to July. This census was the first taken (in recent years) and was as accurate as can be had of the approximately 4500 houses in Wakefield, including apartment houses with as many as ten families.

Due to the daily shifts among our residents, chiefly on account of the acute housing situation, and the large number of new houses which have been, and are being, built, and its resultant effect upon our pre-school census figures, your supervisor recommends that it be conducted again in 1947."

EIGHT O'CLOCK

THE CLASS HYMN

FOREVER FORWARD

We leave tonight this cherished hall,
Our hearts with eagerness are rife.
We grasp our blessings, heed His call,
And ford the swirling stream of Life.
Our youth, our dreams, a world at peace,
Our heritage—a land that's free.
Pray God that these gifts may not cease!
The chance is ours—we hold the key.

Face life with ideals ever high,
Do good each day, though deeds be small.
With hearts and minds triumphant, cry
Our motto clear, "Truth Conquers All"!
At length the roaring torrents calm;
We glimpse ahead the fading sun.
Through strains of some far-distant Psalm,
We hear the welcome words, "Well done!"

THE CLASS SONG

Alma Mater

While pausing in this doorway nearest Life's inviting road,
We gather in our harvest fair—we bear a precious load.
O Classmates, ever upward toward the goal we truly seek;
Our destiny of Service found upon the highest peak.

You've guided us along one path, O Alma Mater, dear!
But now this road is steeper, and our way seems not so clear.
Your vision helps at every turn—we heed your silent call;
For you, enshrined in us tonight, have taught "Truth Conquers All."

Music by Marion Stickney, '46 Words by Richard MacKenna, '46
